March for Life

January 2006

---

---

Not by your Power  
Nor by your Might  
But by My Spirit  
Declares the Lord

*“Both women are deeply concerned and have come to the conviction that abortion is not the answer for women in a vulnerable pregnancy.” says Allan E. Parker Jr, President of the Justice Foundation*

*Your affidavit or Friend of the court statement could still help prove this decision, “No Longer Just”*

## Roe and Doe both want their Decisions Reversed

**R**oe, of Roe v. Wade aka Norma McCorvey, and Sandra Cano ‘Doe’ of the companion case, Doe V. Bolton (which allowed abortion for any reason through all nine months of pregnancy) both want their decisions overturned. The Federal Court Rule Book makes the reversal possible. The U.S. Supreme Court has overturned its own precedents, most recently, in the 1997 decision of Agostini vs. Felton. In this case, the high court used a post-judgment motion by a party to overturn two of its own 12-year-old precedents using Federal Rules of Civil Procedure. (Rule 60)

The Attorney for the two women is Allan Parker of the Justice Foundation, based in Texas. Mr. Parker said the legal question is, “Is it just to continue giving Roe vs. Wade future application?” Filings for each case have been in progress in their respective states. There are three major arguments at issue:

- 1 The court originally said, “We need not resolve the difficult question of when life begins...the judiciary, at this point in the development of man’s knowledge, is not in a position to speculate as to the answer.”

What was once uncertainty and disagreement about when human life begins is now indisputable fact based on massive scientific evidence.

- 2 The lie was that abortion would be “good for women”, that it would somehow be a benefit to have easy access to abortion for any reason through all nine months of pregnancy.

Norma McCorvey, Sandra Cano and more than 2000 women have sent affidavits or friend of the court documents to tell the truth about how abortion has hurt them. Many tell of devastating emotional, mental, physical and psychological trauma that plagued them for years and years after abortion. Some cite having been pressured, which has compounded their grief. These testimonies constitute over 2000 times the evidence used to convince the court to legalize abortion on demand.

- 3 The next lie is that ‘these would be unwanted children’, that the burden to the mothers caused by these children would be relieved by abortion.

At least 40 states have ‘Baby Moses’ laws. The state agrees to provide for any unwanted child from birth to eighteen years of age with no questions asked. So, women no longer have to suffer the guilt and grief of abortion if they find themselves in a situation that they are unwilling or unable to care for their baby. This safety net gives women the chance to deliver a live baby and be relieved of any burden of child care and the even greater burden of post-abortion syndrome.

### *Inside This Issue*

Abortion/breast cancer link

Stem cell strife

Legislative alert

Congressional Amendment

Kick’n it up initiatives

Prayer for Life

How you can get involved

## New Hampshire Legislative Alert Session Spring 2006

**HB656** , regarding healthcare decision making needs to be stopped. Vote is January 18.

**HB1649** addresses fetal homicide. Please ask Criminal Justice committee members to vote "ought to pass"

**HB39** states that parents have the right to have their children 'opt out' of sex ed classes citing religious objections. Ask for a vote of "ought to pass"

**HB1719** This bill states that Life begins at fertilization. Watch for hearing date.

**HB1492** It gives immunity to pharmacist who refuse to dispense the Morning After Pill. Watch for hearing date.

**HB1682** Parental notification when girls under 16 have been given the Morning After Pill. Watch for hearing.

**SB343** Requiring parental consent for pharmacists to dispense the Morning After Pill to minors, under 18 years old. Also protects pharmacists who refuse. Public hearing is February 14, 2006 in the Legislative Office Building (LOB) room 101 scheduled for 10:45am

**HJR20** Supporting Stem Cell Research in NH. Public hearing February 7, 2006 in LOB, room 205. Please come testify if you can.

**SCR6** urges Congress to pass Embryonic Stem Cell research. Please come testify against this evil at the Public Hearing February 14,2006 in LOB room 101, Scheduled for 10:15am Call the State House at Phone (603)271-2154to get a voice contact.

On-line: to find committee members...

<http://www.gencourt.state.nh.us/ie/billstatus/hsecommittees.asp>

To find your legislator type this <http://www.gencourt.state.nh.us/ie/whosmyleg/> in your search and then follow the prompts. You can also call or e-mail NHRTL. We can get you more info on bills, hearings and votes. We can help you get ready to testify if you want or maybe help you get there so you can. There are people helping to keep the death minded in check, won't you be one with us? Pray, make calls, write or testify.

has  
all  
the info  
on the  
**Congressional**  
**Human Life**  
**Amendment**

American Life League has lots of pro-life information to arm you. You and I must be ready always to give the reason for our stand. The thoughtful and compassionate answer may make the difference between life and death. ALL, PO Box 1350 Stafford, Va 22555 (540)659-4171 also

### Stem Cell Knowledge

**S**tem cells come from two sources, immoral or morally acceptable sources. hES cells come from human embryos. A tiny new person is killed to obtain these cells through a fairly complex process of manipulation. Embryonic Germ cells come from specialized cells of a baby 5-9 weeks gestation. This would be acceptable if donated after miscarriage just as one would donate organs of the deceased in other situations, but, of course not acceptable in the case of abortion. There are placental and amniotic fluid stem cells and those of umbilical cord blood banked at the birth of a child. Then there are adult stem cells: those obtained from fatty tissue during lipo suction, nasal epithelial cells (taken from high inside the nose near the brain) and cadaver donations (up to 20 hours after death). Umbilical cord stem cells and adult stem cells have effectively treated or even cured almost 100 different diseases, including diabetes and Krebs disease, as well as spinal cord injuries. Absolutely NONE has been effectively treated, much less cured, by embryonic stem cells. To learn more get Rev. Dr. Tadeusz Pacholczyk's **Cutting Through the Spin on Stem Cells and Cloning** produced by the Donum Vitae Center for Bioethics [www.donumvitaecenter.org](http://www.donumvitaecenter.org) or call 1-877-773-4481 This DVD is very informative.

# Kick'n it up with Proven Initiatives and Compassionate Campaigns

## Pray Witness Testify

### *Prayer to End Abortion*

Lord God, I thank you today for the gift of my life, And for the lives of all my brothers and sisters.

I know there is nothing that destroys more life than abortion, Yet I rejoice that you have conquered death by the Resurrection of Your Son.

I am ready to do my part in ending abortion. Today I commit myself Never to be silent, Never to be passive, Never to be forgetful of the unborn.

I commit myself to be active in the pro-life movement, And never to stop defending life Until all my brothers and sisters are protected, And our nation once again becomes A nation with liberty and justice Not just for some, but for all. Through Christ our Lord. Amen!

**First Saturday Pro-Life witness at Planned Parenthood on Pennecook Street, right behind Rite-Aid on Elm St. Manchester...first Saturday of every month 10 am to 12 noon**

"Feminist Health Center" in Greenland, NH. Every Tuesday at 9:30am a team promotes the right to life at the abortuary. Write to NHRTL via [life@nhrtl.org](mailto:life@nhrtl.org) or call us at 626-7950

**Every Thursday pro-life witness to abortionist Wayne Goldner Jeannie Szulc leads a protest at his offices every Thursday from 2pm to 3pm 150 Terry Town Road, Manchester**

**Hour of Prayer for Life: First Fridays of Every Month St. Patrick's, 29 Spring Street, Nashua. The hour of silent and communal prayer will conclude with the celebration of the Eucharist at 12:05. For more information, please call Janet Heitmiller at 889-9333.**

Write to NHRTL via PO Box 412, Merrimack, NH 03054 or [life@nhrtl.org](mailto:life@nhrtl.org) or call us @ 626-7950

NHRTL E-Alerts often have info on times and events that you might be interested in attending / participating in. To get plugged in, e-mail above. It is very encouraging to have people join the witness even if it's only once in a while. **You can make a difference. Clinics close under pressure.**

### Get Educated

You and I are the ones who will stop abortion. We have to know what we're talking about. Stay current with daily news from the front lines in this war against humanity. Life Dynamics is a cutting edge news source. [www.lifedynamics.com](http://www.lifedynamics.com) or [www.prolifeamerica.com](http://www.prolifeamerica.com)

Mark Crutcher, President has written multiple books and airs a daily radio talkshow. There's also a forum on the web site. Life Dynamics has uncovered baby body part sales, child predator cover-up and has conducted various other initiatives.

**ABC****Abortion/Breast Cancer  
Increased Risk**

Abortion interrupts the natural process of breast development. The estrogen and progesterone levels rise in early pregnancy, causing the ductwork to increase. (giving pre-cancerous cells more places to grow) During the third trimester the cells change into cancer resistant, milk producing cells. In miscarriage the hormone levels have dropped and so, the potential is not the same.

**American Girl Dolls Hook up with Pro-abortion Girls Inc.**

**U**psetting the conservative Christian doesn't seem to be an issue for American Girls. The book and doll company has linked readers to Girls Inc. a rabidly pro-abortion propaganda company. The 'I CAN' campaign sold a bracelet with a star and the letters I CAN highlighted in the word American. The girls were encouraged to buy a bracelet and make a pledge to "I can be myself, follow my dreams, and always do my best. I can reach for the stars, lend a hand to others, and be a good friend. I can make a difference! I promise to try." The 2005 campaign ended Dec. 26th.

Approximately \$190,000 went to Girls Inc. The propaganda mogul promotes various forms of promiscuity and deviant behaviors, including abortion as birth control.

There are alternatives to American Girls.

**A Life of faith** books and dolls, check out [www.alifeoffath.com](http://www.alifeoffath.com) for these beautiful dolls and their corresponding stories of faithful living.

**Vision Forum** has a great line of books, dolls and accessories. Their Beautiful Girlhood collection is comparable to American Girls. They also have a line of items for boys.

***Don't just switch, let American Girls know why you're not buying from them. Call them, maybe they'll have a change of heart.***
