PETITION TO SAVE CATHOLIC MEDICAL CENTER

Dear Bishop McCormack,

As supporters of Catholic Medical Center, we urge you in the strongest possible terms to reject the proposed merger/affiliation with Dartmouth Hitchcock Health System. DHHS performs abortions, sterilizations and genetic testing. It conducts embryonic stem cell research, in direct contradiction to the Catholic Church's teachings. If the merger goes through, CMC doctors and nurses will be under the control of DHH, and patients and employees will be forced to support medical procedures repugnant to faithful Catholics.

Please stop the affiliation/merger of Catholic Medical Center and Dartmouth Hitchcock, and the elimination of ethical Catholic health care in Manchester.

Signed,
